EXPERIENCE

Front-End Developer

Developed responsive and modern websites using HTML5, CSS3, JavaScript, React.js and Tailwind CSS. Implemented reusable components and UI/UX designs that improve performance and user experience.

Web Development Projects

Built multiple projects including landing pages, business websites, and interactive web applications. Focused on responsive design and cross-browser compatibility.

Upwork Bidding & Freelance Support

Experienced in Upwork bidding, proposal writing, job research, client communication and understanding project requirements to deliver quality solutions.

PROJECTS

Business Landing Page

Modern and responsive landing page built using HTML, CSS, JavaScript and Bootstrap.

E-Commerce Website (UI)

E-commerce UI design with product listing, filters, and shopping cart functionality using React.js.

Personal Portfolio

Personal portfolio website to showcase skills, projects and professional experience.
